Gift Baskets, Bagel Platters, Catering, and more...

Here at Bagel Grove, we've been making authentic boiled and baked bagels for the past 30 years. We've also been a place where friends and families have shared stories and created memories far over a generation.

We also source products from ethical and local producers; from the eggs we use in every breakfast sandwich, laid fresh daily by free-range hens from Maws Farm in Newport, NY, to our line of products and fair trade coffees from Equal Exchange. We believe in feeding our community, both physically and socially.

Why do we care so much?
 It's the responsibility we take in being a part of the lives of our customers and our community. We are forever grateful for being so loved for so long, and we will always deliver the very best food for the best prices in town. Here's to another 30 years as Utica's favorite Bagel shop!

From our family to yours,

Annie
